

MULTIMODAL NETWORK

Continent

samskip

> With almost 70 weekly rail departures and around 40 barge sailings from Rotterdam to the Benelux, Germany, Austria and Italy, Samskip offers maximum coverage across the Continent.

Multimodal Network

Samskip offers pan-European, environmentally responsible combined transport services via shortsea, road, rail and inland waterway routes. We are committed to cost-effectiveness, operational excellence and best practice in sustainable transport.

High frequency services connect destinations across Europe, transported using a wide range of owned vessels, trains, containers, trucks and trailers. In all cases shippers can make real choices based on frequency of service, transit times, freight rates and sustainability.

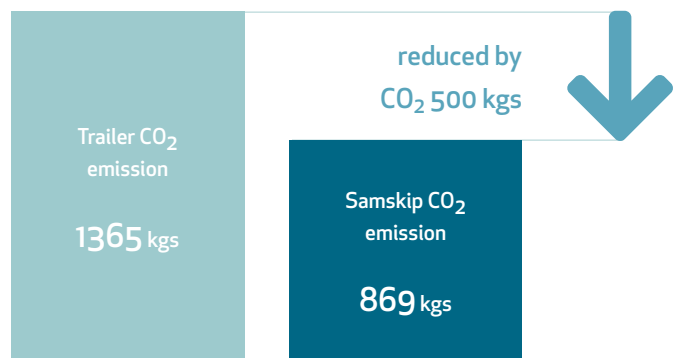

Rail connections to/from Rotterdam	Departures	Transit times (terminal-terminal)
Austria		
Vienna	3x per week	3 days
Italy		
Bari	3x per week	7 days
Bologna	6x per week	4 days
Melzo	6x per week	2 days
Novara	7x per week	2 days
Padova	6x per week	4 days
Pomezia	6x per week	6 days
Germany		
Ludwigshafen	6x per week	1 day
Mannheim	5x per week	1 day
Munich	4x per week	2 days

Rail connections to/from Duisburg	Departures	Transit times (terminal-terminal)
Italy		
Bari	3x per week	7 days
Melzo	3x per week	1 day
Mortara	5x per week	1 day
Padova	3x per week	3 days
Trieste	3x per week	1 day
Germany		
Munich	4x per week	2 days

Barge connections to/from Rotterdam	Sailings	Transit times (quay-quay)
The Netherlands		
Delfzijl	2x per week	1 day
Den Bosch	4x per week	1 day
Hengelo	5x per week	1 day
Meppel	2x per week	1 day
Nijmegen	6x per week	1 day

Veghel	5x per week	1 day
Venlo	4x per week	1 day
Westerbroek	3x per week	1 day
Germany		
Duisburg	6x per week	2 days

Sustainable Transport

Samskip is committed to delivering sustainable transport solutions. By efficiently combining the different transport modes, Samskip and its customers successfully take mileage off Europe's busy road network.

Parona (IT) > Coventry (UK)

Specialized Equipment

Samskip offers a wide range of modern equipment to suit the specific needs of your cargo. The fleet includes 20ft, 40ft and 45ft high cube pallet-wide containers as well as 13.6m Huckepack (Mega) trailers.

Our temperature-controlled 45ft containers are able to safely transport all chilled, cooled or frozen cargo. Other equipment is used to serve the steel and construction market as needed, such as flatracks (side and top loading) and coasters.

For the specifications please check out our Equipment brochure.

- > Samskip offers door-to-door and terminal-terminal connections with Germany, the Benelux, Italy and Austria serving a total of 12 rail and 10 inland terminals.

Door-Door Services

Our door-to-door services integrate collection, shipment and delivery into a seamless transport solution. Our dedicated staff ensure that the cargo is delivered while the customer has a single contact for the entire transport chain.

Terminal-Terminal Services

Samskip's terminal-terminal services to/from the Netherlands and Germany into Italy allow customers to access Samskip's network using their own equipment. Tank and bulk operators as well as other third parties benefit from the fixed service schedules.

Part Load Services

Apart from full container loads, Samskip also offers part loads (LCL) on the Italy-Ireland corridor. Combining the Milano-Rotterdam rail service and two-weekly Rotterdam-Dublin sailings, on Tuesdays and Fridays, Samskip enables fast deliveries for a competitive price while saving on CO2 emissions.

Temperature Controlled Services

For customers requiring temperature controlled transport, Samskip has 40ft high cube and 45ft high cube pallet-wide reefers available. The Samskip Coolboxx reefer offers an optimal combination of cost and transport efficiency, as it holds 33 Euro pallets and can be used across our network.

Steel and Construction Logistics

Operating in the industry since 1965 our dedicated and knowledgeable Steel & Construction Logistics department offers transport services, tailored to suit the needs of the steel & construction industry. From steel oven additives in big bags and oil drilling tubes to aluminium custom sized profile. Bricks, timber, but also tiles and natural stone are at the other end of our spectrum.

Local Representation

To ensure that all customers receive the tailor-made service they need, Samskip has local offices and agents in all regions it operates. Dedicated sales and customer service teams ensure high service standards.

Unique Advantages

- » Strong customer focus and customer service
- » Extensive multimodal service network
- » Frequent, reliable and cost-efficient services
- » In-depth industry experience and expertise
- » Local points of contact
- » Wide range of modern equipment
- » Sustainable transport – lower CO2 emissions
- » In-house monitoring of your goods from collection to delivery
- » Online track & trace and proof of delivery
- » Compliant with IMO regulations (Dangerous Goods)
